About Me

Information Management graduate specializing in Front-End Development and Software Engineering, with expertise in HTML, CSS, JavaScript, Java, Python, and frameworks like Bootstrap, Tailwind CSS, and jQuery. I gained hands-on experience internship at PT Inagata Persada as a Front-End Developer, where I contributed to creating responsive and optimized user interfaces. With strong technical skills and a commitment to continuous improvement, I am ready to deliver innovative web and application development solutions for your organization.
